

## Assessing your overactive bladder (OAB) symptoms:

Use this diary to help keep track of your bladder habits.

## **FOLLOW THE GUIDELINES BELOW**

- ♦ Keep a diary for 3 days. This way, your doctor can get a better understanding of your symptoms over time. Any 3 days you choose is fine
- ▶ Begin your diary when you wake up. Take notes throughout the day, and continue until the next morning
- During the day, write down how much liquid you drink. As well as you can, log the specific amount you have with each serving. Most beverage containers list the number of ounces they contain
- ▶ Take note of how much you urinate during the day. Your doctor may recommend using a special collection cup, which can help you correctly measure the amount of urine
- ♦ If you have a wetting accident, write down when and where it happened. It may reveal a pattern and help your doctor develop a treatment plan for you

Don't forget to bring your diary on your next visit to the doctor's office

## **3-Day Bladder Diary**

Day 1	Fluids		Urination				Accidents		
DATE	What kind?	How much?	How many	How	Did you feel a strong	What activity did	Did you have an	How much did	What were you
DD/MM/YY			times?	much?	urge to urinate?	this interrupt?	accident?		doing at the time?
6am-9am				S·M·L	Yes · No		Yes · No	S·M·L	
9am-12pm				$S \cdot M \cdot L$	Yes · No		Yes · No	S·M·L	
12pm-3pm				$S \cdot M \cdot L$	Yes · No		Yes · No	S·M·L
